1. Completed permit application, signed by the Property Owner, or authorized signatory
2. Duplicates of all drawings, site plans, and other required documents.
3. Application and Field inspection fees according to the most recent schedule
4. Street map indicating project location

TERMS OF THE PERMIT

Applying for a permit issued through the Pelican River Watershed District (PRWD) in no way precludes obligation for permit application that may be required through OTHER governmental agencies. Any work performed prior to obtaining all required authorizations may be subject to Federal, State and/or administrative, civil, and/or criminal penalties. No liability shall be imposed on the District or any of its officers, agents or employees on official or personal grounds, on account of the granting of this permit, on account of any damage to any person or property resulting from any act or omission of the Permittee or any of its agents, employees or contractors relating to any matter hereunder. This permit shall not be construed as limiting any legal claim or right of action of the District against the Permittee, its agents, employees or contractors for the violation of, or failure to comply with the provisions of the permit or applicable provisions of law.

When all items have been satisfactorily completed and the District determines the project meets the District’s Rule requirement, this permit will be issued. The permit may be picked up at the District office, or it will be mailed to the designated address. A copy of the approved permit will be faxed to the applicable local governmental entity (Becker or Ottertail County, City of Detroit Lakes Zoning departments).

The permit will be valid for eighteen (18) months from the date of issuance, unless otherwise suspended or revoked. A permit may be extended at no charge, provided the property owner notifies the District in writing stating the reasons for extension. Any plan changes, and related project documents must also be included in the extension application. The District must receive the extension application at least thirty (30) day prior to the permit’s expiration date as issued.

If changes are made to the permitted plans for this project, changes must be submitted to the District (in duplicate form) for review prior to installation or completion occurs. If changes to the original (permitted) plans are approved, an amended permit will then be issued.

This permit may be terminated by the Board of Managers without notice at any time deemed necessary for the management of the water resources of the District, or in the interest of public health and welfare, or for violation of any of the provision of this permit.

PERMIT APPLICATION AGREEMENT

“I understand that, as a Permittee, I am legally accountable to ensure compliance with the terms and conditions of the permit. I understand that I am not authorized to begin the project until I receive the permit and the permit is posted as directed on the project site. If the project is modified, I will obtain approval by the District before I continue with the project. I authorize the District, and its agents, employees, officers, and contractors to enter the project site to perform any inspection or work authorized by the permit or any applicable law.”

“I certify that I have thoroughly read and understand the information on this permit application, including submittal requirements.”

ACTION BY THE PELICAN RIVER WATERSHED DISTRICT

The above application is APPROVED / DISAPPROVED this 15 day of Sept, 2016, by the Pelican River Watershed District
By: ___________________________
Its: ___________________________
Landowner: Justin and Amy Koenig  
Contractor: N/A  
Project Address: 236 Shorewood Drive  
Site Visit Date: 09/14/2016  
Parties Present During visit: Justin Koenig

I met with the owner at the above property to discuss repair of rip-rap and the installation of a sand beach blanket. I explained District rules and MN DNR guidelines relating to this type of project.

The project will consist of the repair of eroding/undercutting shoreline with additional rip-rap as well as protecting trees along the shoreline with additional rock. A filter barrier, such as crushed rock, will be installed between the rock rip-rap and native soils. A sand beach blanket will be installed no larger than 30 feet x 10 feet x 6 inches thick in the area depicted in the site photograph. Sand will be clean, washed sand.

The permit will be approved with the following conditions.

1) Erosion and Sediment Control Best Management Practices will be installed to contain disturbed soils which will not be stabilized within 24 hours.

2) All measures must conform to other applicable Zoning and Shoreland Ordinance regulations (Becker County, City of Detroit Lakes, Minnesota Pollution Control Agency, MN Department of Natural Resources)

3) Project will be constructed and shown on PRWD photographs, dated 09/14/2016, and PRWD site plan, dated 09/15/2016

Brent Alcott | Assistant Administrator
Pelican River
watershed district

Project Site Plan

Site Plan Checklist:
- North Arrow
- Impervious Areas (driveways, buildings, etc.)
- Contours or Drainage Arrows
- Existing Vegetation
- Location of Temporary Erosion/Sediment Control measures
- Location of Permanent Stormwater Management Areas
- Location and Distance to Structures
- SIZ setback / Ice Pressure Ridge
- Ordinary High Water Mark
