PERMIT

PERMIT MUST BE POSTED AT PROJECT SITE, VISIBLE FROM ROAD

Permit Number 16-62
Permit Date: 12-7-16

Permit Granted To: John and Myrta Zietz

Project Address 1431 Long Lake Dr

City, State, ZIP: Detroit Lakes, MN 56501

Project Type Shore Impact Zone Alteration: Construction of 4-foot wide stairway, construction of a 32 S.F. landing, installation of shoreline rip-rap

Permit Granted with the Following Conditions to be Satisfied by the Permit Holder:

1) Erosion and Sediment Control Best Management Practices will be installed to contain disturbed soils which will not be stabilized within 24 hours.
2) Project will be constructed as shown on approved site plan, prepared by Lakes Area Landscaping, dated 11/9/2016, except that the existing platform(landing) on the south of the property must be removed.
3) All existing steps, patios, landings, and platforms (concrete or wood) located in the Shore Impact Zone must be removed by June 15th, 2017, including the platform (landing) on the south side of the property, see PRWD photograph #1, dated 11/29/2016
4) Rip-rap installation must follow MN DNR guidelines and not extend higher than current shoreline erosion, shown on PRWD photograph #2, dated 11/29/2016
5) All measures must conform to other applicable Zoning and Shoreland Ordinance regulations (Becker County, City of Detroit Lakes, Minnesota Pollution Control Agency, MN Department of Natural Resources)

**Install according to Becker County or Detroit Lakes Shoreland Ordinance and Planning and Zoning regulations, and State of MN - Department of Natural Resources**

This permit is valid for 18 months.

Permit may be revoked at any time upon violation of Pelican River Water Management Rules. Any changes to this site permit results in nullification of this permit and a new permit will have to be obtained.

Signature of Tera Guetter, District Administrator

PERMIT APPLICATION SUBMISSION REQUIREMENTS

1. Completed permit application, signed by the Property Owner, or authorized signatory
2. Duplicates of all drawings, site plans, and other required documents.
3. Application and Field inspection fees according to the most recent schedule
4. Street map indicating project location

TERMS OF THE PERMIT

Applying for a permit issued through the Pelican River Watershed District (PRWD) in no way precludes obligation for permit application that may be required through OTHER governmental agencies. Any work performed prior to obtaining all required authorizations may be subject to Federal, State and/or administrative, civil, and/or criminal penalties. No liability shall be imposed on the District or any of its officers, agents or employees on official or personal grounds, on account of the granting of this permit, on account of any damage to any person or property resulting from any act or omission of the Permitee or any of its agents, employees or contractors relating to any matter hereunder. This permit shall not be construed as limiting any legal claim or right of action of the District against the Permitee, its agents, employees or contractors for the violation of, or failure to comply, with the provisions of the permit or applicable provisions of law.

When all items have been satisfactorily completed and the District determines the project meets the District's Rule requirement, this permit will be issued. The permit may be picked up at the District office, or it will be mailed to the designated address. A copy of the approved permit will be faxed to the applicable local governmental entity (Becker or Ottertail County, City of Detroit Lakes Zoning departments).

The permit will be valid for eighteen (18) months from the date of issuance, unless otherwise suspended or revoked. A permit may be extended at no charge, provided the property owner notifies the District in writing stating the reasons for extension. Any plan changes, and related project documents must also be included in the extension application. The District must receive the extension application at least thirty (30) day prior to the permit's expiration date as issued.

If changes are made to the permitted plans for this project, changes must be submitted to the District (in duplicate form) for review prior to installation or completion occurs. If changes to the original (permitted) plans are approved, an amended permit will then be issued.

This permit may be terminated by the Board of Managers without notice at any time deemed necessary for the management of the water resources of the District, or in the interest of public health and welfare, or for violation of any of the provision of this permit.

PERMIT APPLICATION AGREEMENT

"I understand that, as a Permitee, I am legally accountable to ensure compliance with the terms and conditions of the permit. I understand that I am not authorized to begin the project until I received the permit and the permit is posted as directed on the project site. If the project is modified, I will obtain approval by the District before I continue with the project. I authorize the District, and its agents, employees, officers, and contractors to enter the project site to perform any inspection or work authorized by the permit or any applicable law."

"I certify that I have thoroughly read and understand the information on this permit application, including submittal requirements."

ACTION BY THE PELICAN RIVER WATERSHED DISTRICT

The above application is [APPROVED / DISAPPROVED] this 7th day of December, 2016, by the Pelican River Watershed District

By: [Signature] Its: Administrator
Landowner: John and Myra Zietz
Contractor: Lakes Area Landscaping
Project Address: 1431 Long Lake Dr
Site Visit Date: 11/02/2016
Parties Present During visit: None

On 11/02/2016 an application was received for the construction of a 4’ wide set of stairs, the construction of a 4’x8’ landing, and installation of rip-rap along the shoreline.

Upon inspection of the site, PRWD staff observed that there is existing steps and landing, which is not in the same location as the proposed stairs/landing. PRWD Rules allow for one 4’ wide stairway and one landing (if needed due to terrain). For this site, a landing would be allowed. The permit is approved for the following items:

1) Construction of a 4’ wide stairway within as shown on site plan, dated 11/9/2016, prepared by Lakes Area Landscaping.
2) Construction of a landing, not to exceed 32 square feet or 4’ x 8’.
3) Installation of shoreline rip-rap following MN DNR guidelines.

The Permit is approved with the following conditions:

1) Erosion and Sediment Control Best Management Practices will be installed to contain disturbed soils which will not be stabilized within 24 hours.
2) Project will be constructed as shown on approved site plan, prepared by Lakes Area Landscaping, dated 11/9/2016, except that the existing platform(landing) on the south of the property must be removed.
3) All existing steps, patios, landings, and platforms (concrete or wood) located in the Shore Impact Zone must be removed by June 15th, 2017, including the platform (landing) on the south side of the property, see PRWD photograph #1, dated 11/29/2016
4) Rip-rap installation must follow MN DNR guidelines and not extend higher than current shoreline erosion, shown on PRWD photograph #2, dated 11/29/2016
5) All measures must conform to other applicable Zoning and Shoreland Ordinance regulations (Becker County, City of Detroit Lakes, Minnesota Pollution Control Agency, MN Department of Natural Resources)
