PROJECT INFORMATION

PERMIT APPLICATION PURPOSE (indicate all which apply)

X A. Alteration to land, vegetation, and/or impervious surface within the Shore Impact Zone

B. Rip-rap or beach sand blanket (installation, repair, replacement)

C. Alteration to land, vegetation, and/or impervious surface within bluff impact zone or on steep slopes within the Shoreland District.

D. Retaining wall (installation, repair or replacement within the Shore and/or Bluff Impact Zones

X E. Impervious surface (cumulative) coverage

more than 25% of lot area

1 acre or greater

X > 10,000 sq. ft. within the Shoreland District

F. Subdivisions, plats, or Planned Unit Developments (PUD’s)

G. Highway, road, street, parking lot or public water access (new or reconstruction)

H. Bridges, culverts, inlets to waters of the state; storm sewers (new or replacement)

I. Groundwater Dewatering

Project Purpose/Description: (Please be specific)

Grading and permanent stormwater management improvements for new Par Place development. Permanent stormwater management has been designed to allow for 25% impervious surface lot coverage.

Proposed start date: ___________ Proposed completion date: ___________

PERMIT APPLICATION SUBMISSION REQUIREMENTS

1. Completed permit application, signed by the Property Owner, or authorized signatory
2. Duplicates of all drawings, site plans, and other required documents.
3. Application and Field inspection fees according to the most recent schedule
4. Street map indicating project location

TERMS OF THE PERMIT

Applying for a permit issued through the Pelican River Watershed District (PRWD) in no way precludes obligation for permit application that may be required through OTHER governmental agencies. Any work performed prior to obtaining all required authorizations may be subject to Federal, State and/or administrative, civil, and/or criminal penalties. No liability shall be imposed on the District or any of its officers, agents or employees on official or personal grounds, on account of the granting of this permit, on account of any damage to any person or property resulting from any act or omission of the Permittee or any of its agents, employees or contractors relating to any matter hereunder. This permit shall not be construed as limiting any legal claim or right of action of the District against the Permittee, its agents, employees or contractors for the violation of, or failure to comply, with the provisions of the permit or applicable provisions of law.

When all items have been satisfactorily completed and the District determines the project meets the District’s Rule requirement, this permit will be issued. The permit may be picked up at the District office, or it will be mailed to the designated address. A copy of the approved permit will be faxed to the applicable local governmental entity (Becker or Ottertail County, City of Detroit Lakes Zoning departments).

The permit will be valid for eighteen (18) months from the date of issuance, unless otherwise suspended or revoked. A permit may be extended at no charge, provided the property owner notifies the District in writing stating the reasons for extension. Any plan changes, and related project documents must also be included in the extension application. The District must receive the extension application at least thirty (30) day prior to the permit’s expiration date as issued.

If changes are made to the permitted plans for this project, changes must be submitted to the District (in duplicate form) for review prior to installation or completion occurs. If changes to the original (permitted) plans are approved, an amended permit will then be issued.

This permit may be terminated by the Board of Managers without notice at any time deemed necessary for the management of the water resources of the District, or in the interest of public health and welfare, or for violation of any of the provision of this permit.

PERMIT APPLICATION AGREEMENT

“I understand that, as a Permittee, I am legally accountable to ensure compliance with the terms and conditions of the permit. I understand that I am not authorized to begin the project until I received the permit and the permit is posted as directed on the project site. If the project is modified, I will obtain approval by the District before I continue with the project. I authorize the District, and its agents, employees, officers, and contractors to enter the project site to perform any inspection or work authorized by the permit or any applicable law.”

“I certify that I have thoroughly read and understand the information on this permit application, including submittal requirements.”

PERMIT REVIEW

REVIEW DATE: August 16, 2017
WENCK REVIEW ID: 15-17
ITEM: Par Place

RECOMMENDATION TO DISTRICT ADMINISTRATOR:

X Issue permit

Verify compliance with conditions before permit issue (see end of report)
Deny permit

APPLICANT: Iron Eagle, LLC
2938 Peterson Parkway North
Fargo, ND 58102

PURPOSE: The proposed project involves the construction of a 14.11-acre site that includes grading, paving and permanent stormwater management. Following completion, approximately 3.23 acres of the 14.11-acre site (23%) will be converted to impervious area.

LOCATION: Southwest quadrant of the intersection of County Highway 21 and Paradise Point Road in Detroit Lakes, MN.

APPLICABILITY:
Total impervious surface (new and existing) of one acre or more
Total impervious surface (new and existing) of 10,000 sq. ft. or more within the Shoreland Zone (land located within 1,000 linear feet of a lake, or 300 linear feet of a stream or river)

EXHIBITS:

1. PRWD Permit Application, by Apex Engineering Group, not dated, rcvd. 7/26/17.
2. Stormwater Management Plans (8 sheets), by Apex Engineering Group, dated 7/14/17, rcvd. 7/26/17, updated and resubmitted 8/14/17.
3. Existing and Proposed HydroCAD, by Apex Engineering Group, dated 7/14/17, rcvd. 7/26/17.

FINDINGS:
**Maintenance:** A detailed schedule indicating dates and sequence of land alteration activities has not been received. A detailed description of how erosion and sediment control and soil stabilization measures will be monitored, maintained, and removed has been received. The name, address and phone number of the party responsible for maintenance of all erosion control measures has not been provided. A maintenance plan for on-site treatment measures has been provided.

**Soils & Erosion Control Plan:** Soils affected by the proposal are Florada loam, Dorset-Corliss complex, Verndale-Abbeylake complex, Nidaros muck, Rushlake and Hangaard soils, and Oylen Sandy loam. Preliminary landscaping plans for storm water treatment practices and site re-vegetation has been provided. Adjacent properties are protected from sediment deposition. Wetlands, waterbodies and water conveyance systems are not protected from erosion. Project site is greater than 1 acre; an NPDES permit is required.

**Grading Plan:** The location/dimension of existing property lines, roads, structures, utilities, easements, and paved and unpaved areas has been provided. A detailed site topographic plan (minimum 2-foot contours) for the proposed project conditions, which clearly indicates alterations to existing grades and topographic features, has been provided.

**Stormwater & Hydraulics:** Stormwater leaving the site is discharged into a well-defined receiving channel or pipe and routed to a public drainage system. The rate of post-development runoff from the site does not exceed pre-development rates for the 5-, 25-, and 100-year, 24-hour storm events.

**Water Quality:** Water quality treatment facilities achieve 90% TSS and 50% total phosphorus removal. Water quality ponds, and infiltration basins are designed correctly.

---

**RECOMMENDATION TO DISTRICT ADMINISTRATOR:**

- **X** Issue permit
- Verify compliance with conditions before permit issue (see end of report)
- Deny permit

As your re-submittal is reviewed, we may find the need to request additional information, and will so inform you.

**Conditions:**

1. Provide the name, address and phone number of the party responsible for maintenance of all erosion control measures once a contractor is selected.
