Landowner: Marlys Kosciolek
Contractor: Dan Jacobson, ALC
Project Address: 27381 County Highway 22
Site Visit Date: 04/28/2015
Parties Present During visit: Dan Jacobson

I met with Dan Jacobson to discuss ice damage repair the Kosciolek property.

The lawn area which had been pushed upward will be repaired to pre-damage conditions while maintaining a slope away from the lake. The slope will be a minimum of 8 inches high (measured over the first 3 feet) on the damaged areas. The slope facing the lake will have rip-rap removed to install new filter fabric then have the rip-rap re-installed adding additional rock when necessary to achieve the desired slope (3:1). Any organic material push onto shore will be removed. Sand which was pushed onto shore can be graded back toward and into the lake if needed.

Brent Alcott, Assistant Administrator
