Landowner: Jane Roggensack  
Contractor: N/A  
Project Address: 11789 Fern Beach  
Site Visit Date: 05/26/2015  
Parties Present During visit: N/A

I visited to 11789 Fern Beach to observe and recommend repairs caused by ice damage.

Inorganic material (sand/rock) can be graded toward the lake. Organic material that has been pushed shoreward will be removed. Areas of lawn which have been pushed upward can be repaired while maintaining a berm or slope which will direct stormwater away from lake. Exposed areas will be re-vegetated (seeded, sodded, etc.) immediately following repairs.

Brent Alcott | Assistant Administrator
