Landowner: John Jones  
Contractor: N/A  
Project Address: 12165 Fern Beach Dr  
Site Visit Date: 04/16/2015  
Parties Present During visit: N/A

I visited Mr. Jones’ property to assess shoreline damage caused by ice and determined repair needs for permit approval. All inorganic material can be graded to the lake to create a level beach area. Area of lawn that was pushed upward can be lowered slightly (if needed) maintaining a slight berm (or slope leading water away from lake) to control water runoff. Any organic material within sand or heaved area will be moved away from lake and disposed of.

Brent Alcott, Assistant Administrator
