Landowner: Kathy Coyle
Contractor: N/A
Project Address: 12197 Fern Beach Dr
Site Visit Date: 04/16/2015
Parties Present During visit: N/A

I visited Ms. Coyle's property to assess shoreline ice damage. Sand from the lake had been pushed up onto the beach and onto the lawn. The sand should be graded back into the lake to return the shoreline to its original slope. The level and grade of the vegetated (lawn) area will not be changed. Any organic material within the sand will be moved away from lake and disposed of before grading the beach area.

Brent Alcott, Assistant Administrator
Remove organic material
Grade sand to lake
