PERMIT

PERMIT MUST BE POSTED AT PROJECT SITE, VISIBLE FROM ROAD

Permit Number: 16-09       Permit Date: April 12, 2016
Permit Granted To: Curt Heiser
Project Address: 20398 County Rd. 131
City, Street, Zip: Detroit Lakes, MN 56501
Project Type: Beach Sand Blanket

Permit Granted with the Following Conditions to be satisfied by the Permit Holder:

♦ Retaining wall structure will not be re-built or added to.
♦ Sand will be washed and free of dust and organic material.
♦ Sand will not exceed MN DNR guidelines, 38’ wide, 10’ deep, 6” thick

** Install according to Becker County or City of Detroit Lakes Shoreland Ordinance and Planning and Zoning regulations, and State of MN-Department of Natural Resources.

This permit is valid for 18 months.

Permit may be revoked at any time upon violation of Pelican River Water Management Rules. Any changes to this site permit results in nullification of this permit and a new permit will have to be obtained.

Tera Guetter, Pelican River Watershed District Administrator

PERMIT APPLICATION PURPOSE (indicate all which apply)

_____ A. Alteration to land, vegetation, and/or impervious surface within the Shore Impact Zone

_____ B. Rip-rap or beach sand blanket (installation, repair, replacement)
_____ C. Alteration to land, vegetation, and/or impervious surface within bluff impact zone or on steep slopes within the Shoreland District.

_____ D. Retaining wall (installation, repair or replacement) within the Shore and/or Bluff Impact Zones

_____ E. Impervious surface (cumulative) coverage

_____ more than 25% of lot area

_____ 1 acre or greater

_____ > 10,000 sq. ft. within the Shoreland District

_____ F. Subdivisions, plats, or Planned Unit Developments (PUD's)

_____ G. Highway, road, street, parking lot or public water access (new or reconstruction)

_____ H. Bridges, culverts, inlets to waters of the state; storm sewers (new or replacement)

_____ I. Groundwater Dewatering (discharging to waters of the state)

Project Purpose/Description: (Please be specific)

Lake Name: (if applicable) Big Floyd
Adding a Beach Blanket of Sand 39" x 10' x 6" thick.
Repointing retaining wall.

Proposed start date: 4/14/16
Proposed completion date: 5/14/16

*Identify any work already completed on drawings

PERMIT APPLICATION SUBMISSION REQUIREMENTS

1. Completed permit application, signed by the Property Owner, or authorized signatory
2. Duplicates of all drawings, site plans, and other required documents.
3. Application and Field inspection fees according to the most recent schedule
4. Street map indicating project location

TERMS OF THE PERMIT

Applying for a permit issued through the Pelican River Watershed District (PRWD) in no way precludes obligation for permit application that may be required through OTHER governmental agencies. Any work performed prior to obtaining all required authorizations may be subject to Federal, State and/or administrative, civil, and/or criminal penalties. No liability shall be imposed on the District or any of its officers, agents or employees on official or personal grounds, on account of the granting of this permit, on account of any damage to any person or property resulting from any act or omission of the Permittee or any of its agents, employees or contractors relating to any matter hereunder. This permit shall not be construed as limiting any legal claim or right of action of the District against the Permittee, its agents, employees, or contractors for the violation of, or failure to comply with the provisions of the permit or applicable provisions of law.

When all items have been satisfactorily completed and the District determines the project meets the District’s Rule requirement, this permit will be issued. The permit may be picked up at the District office, or it will be mailed to the designated address. A copy of the approved permit will be faxed to the applicable local governmental entity (Becker or Ottertail County, City of Detroit Lakes Zoning departments).

The permit will be valid for eighteen (18) months from the date of issuance, unless otherwise suspended or revoked. A permit may be extended at no charge, provided the property owner notifies the District in writing stating the reasons for extension. Any plan changes, and related project documents must also be included in the extension application. The District must receive the extension application at least thirty (30) day prior to the permit’s expiration date as issued.

If changes are made to the permitted plans for this project, changes must be submitted to the District (in duplicate form) for review prior to installation or completion occurs. If changes to the original (permitted) plans are approved, an amended permit will then be issued.

This permit may be terminated by the Board of Managers without notice at any time deemed necessary for the management of the water resources of the District, or in the interest of public health and welfare, or for violation of any of the provision of this permit.

PERMIT APPLICATION AGREEMENT

"I understand that, as a Permittee, I am legally accountable to ensure compliance with the terms and conditions of the permit. I understand that I am not authorized to begin the project until I received the permit and the permit is posted as directed on the project site. If the project is modified, I will obtain approval by the District before I continue with the project. I authorize the District, and its agents, employees, officers, and contractors to enter the project site to perform any inspection or work authorized by the permit or any applicable law."

"I certify that I have thoroughly read and understand the information on this permit application, including submittal requirements."

Site Visit Date: 04/06/2016  
Parties Present During visit: Curtis Heiser

I met with the homeowner to discuss the maintenance/repair of an existing retaining wall in the Shore Impact Zone and in installation of a Sand Beach Blanket along the beach of Big Floyd. I observed a railroad tie retaining wall spanning the entire 76 feet of the lot. The wall was constructed in two tiers. The lower tier measured about 3 feet high and the upper was about two feet high. There was a large gravel beach area in front of the wall, above the ordinary high water mark, extending lakeward.

Mr. Heiser explained his intention to install a polymer, synthetic brick veneer over the existing wall. The structural support of the wall will remain unchanged. He also described a sand beach blanket installation. I noted the MN DNR sand blanket guidelines would need to be followed for the sand beach blanket.

The project described above is approved with the following conditions.

1. Retaining wall structure will not be re-built or added to.
2. Sand will be washed and free of dust and organic material.
3. Sand will not exceed MN DNR guidelines, 38 feet wide, 10 feet deep, 6 inches thick
