PERMIT

PERMIT MUST BE POSTED AT PROJECT SITE, VISIBLE FROM ROAD

Permit Number: 16-19   Permit Date: May 11, 2016
Permit Granted To: Tom and Barb Thomsen
Project Address: 298 Shorewood Drive
City, Street, Zip: Detroit Lakes, MN 56501
Project Type: Sand Blanket and 4’ walkway

Permit Granted with the Following Conditions to be satisfied by the Permit Holder:

- Sand blanket dimensions will not exceed 50 feet wide by 10 feet deep and 6” thick.
- The use of filter fabric is not allowed below the Ordinary High Water level.

** Install according to Becker County or City of Detroit Lakes Shoreland Ordinance and Planning and Zoning regulations, and State of MN-Department of Natural Resources.

This permit is valid for 18 months.
Permit may be revoked at any time upon violation of Pelican River Water Management Rules. Any changes to this site permit results in nullification of this permit and a new permit will have to be obtained.

Tera Guetter, Pelican River Watershed District Administrator

PERMIT APPLICATION SUBMISSION REQUIREMENTS

1. Completed permit application, signed by the Property Owner, or authorized signatory
2. Duplicates of all drawings, site plans, and other required documents.
3. Application and Field inspection fees according to the most recent schedule
4. Street map indicating project location

TERMS OF THE PERMIT

Applying for a permit issued through the Pelican River Watershed District (PRWD) in no way precludes obligation for permit application that may be required through OTHER governmental agencies. Any work performed prior to obtaining all required authorizations may be subject to Federal, State and/or administrative, civil, and/or criminal penalties. No liability shall be imposed on the District or any of its officers, agents or employees on official or personal grounds, on account of the granting of this permit, on account of any damage to any person or property resulting from any act or omission of the Permittee or any of its agents, employees or contractors relating to any matter hereunder. This permit shall not be construed as limiting any legal claim or right of action of the District against the Permittee, its agents, employees or contractors for the violation of, or failure to comply, with the provisions of the permit or applicable provisions of law.

When all items have been satisfactorily completed and the District determines the project meets the District’s Rule requirement, this permit will be issued. The permit may be picked up at the District office, or it will be mailed to the designated address. A copy of the approved permit will be faxed to the applicable local governmental entity (Becker or Ottertail County, City of Detroit Lakes Zoning departments).

The permit will be valid for eighteen (18) months from the date of issuance, unless otherwise suspended or revoked. A permit may be extended at no charge, provided the property owner notifies the District in writing stating the reasons for extension. Any plan changes, and related project documents must also be included in the extension application. The District must receive the extension application at least thirty (30) day prior to the permit’s expiration date as issued.

If changes are made to the permitted plans for this project, changes must be submitted to the District (in duplicate form) for review prior to installation or completion occurs. If changes to the original (permitted) plans are approved, an amended permit will then be issued.

This permit may be terminated by the Board of Managers without notice at any time deemed necessary for the management of the water resources of the District, or in the interest of public health and welfare, or for violation of any of the provision of this permit.

PERMIT APPLICATION AGREEMENT

"I understand that, as a Permittee, I am legally accountable to ensure compliance with the terms and conditions of the permit. I understand that I am not authorized to begin the project until I received the permit and the permit is posted as directed on the project site. If the project is modified, I will obtain approval by the District before I continue with the project. I authorize the District, and its agents, employees, officers, and contractors to enter the project site to perform any inspection or work authorized by the permit or any applicable law."

"I certify that I have thoroughly read and understand the information on this permit application, including submittal requirements."

ACTION BY THE PELICAN RIVER WATERSHED DISTRICT

The above application is APPROVED / DISAPPROVED this 11th day of May 2016, by the Pelican River Watershed District

By: ___________________________

Its: Administrator
Landowner: Tom Thomsen  
Contractor: Keith Gummeringer, Midwest Tree and Maintenance  
Project Address: 298 Shorewood Drive  
Site Visit Date: 05/03/2016  
Parties Present During visit: Keith Gummeringer

I met with the contractor to discuss the installation of a sand beach blanket at 298 Shorewood Drive. Keith explained the owners wished to remove 50 feet of rip-rap to install a sand beach blanket into the water. I discussed alternative solutions with Keith as removing 50 feet of rip-rap on the shoreline in that part of the lake would cause significant erosion due to wave and ice movements. The sand blanket will be more beneficial and remain in place by installing behind the shoreline and creating stairs or a narrow sand walkway through the rip-rap to the lake.

That sand beach blanket is approved to be installed behind the existing rip-rap. A 4 foot wide stairway or sand walkway is allowed to gain access to the lake through the rip-rap. The following conditions are to be met by the permit holder.

1. Sand blanket dimensions will not exceed 50 feet wide by 10 feet deep and 6 inches thick.  
2. The use of filter fabric is not allowed below the Ordinary High Water level.
