PERMIT

PERMIT MUST BE POSTED AT PROJECT SITE, VISIBLE FROM ROAD

Permit Number: 15-77                      Permit Date: 07/20/2015
Permit Granted To: Shawn Nygaard
Project Address: 2505 North Long Lake Road
City, Street, Zip: Detroit Lakes, MN 56501

Project Type: Shore Impact Zone Alteration – Sand Beach Blanket, Rip-Rap

Permit Granted with the Following Conditions to be Satisfied by the Permit Holder:

(1) A 5 foot vegetated (native plant) buffer strip will be installed and maintained between sand blanket and rip-rap. (2) Sand beach blanket dimension will not exceed 30 feet long, 10 feet wide and 6 inches deep (5.5 cubic yards of clean, washed sand). Fabric underlayment beneath the sand is not allowed. (3) Rain garden to the east of the stairs will be vegetated with native plants. (4) Erosion control for the site will be installed and maintained until re-vegetated.

***Install according to Becker County or City of Detroit Lakes Shoreland Ordinance and Planning and Zoning regulations, and State of MN – Department of Natural Resources.

This permit is valid for 18 months.

Permit may be revoked at any time upon violation of Pelican River Water Management Rules. Any changes to this site permit results in nullification of this permit and a new permit will have to be obtained.

Signature of Pelican River Watershed District Board of Managers or Designee (District Administrator)

4. PROJECT DESCRIPTION
   Grade area to make it safer for the kids. There are 5-6 kids that play often in the area. Create a sand blanket/beach, aesthetically improve the area without harming that natural state surrounding our improved shoreline.

5. DATES  Proposed start of activity:  Proposed Completion Date:  
   (identify any completed work on attached drawing)  
   July  
   As soon as possible
Submittal Requirements
Applicants must submit all of the following items:
1. Completed permit application (application must be signed by the PROPERTY OWNER or Governmental Entity)
2. 2 copies of drawings, plans and other data as outlined in “Pelican River Watershed District Permit Information Sheets”
3. The application/field inspection fees according to the most recent schedule set by the Board of Managers
4. Street location map

Applying for the permit does not preclude your applying for any necessary permit that may be required from OTHER governmental agencies. Any work performed prior to obtaining all required authorizations may be subject to Federal, State, and/or local administrative, civil and/or criminal penalties. No liability shall be imposed on the district or any of its officers, agents, or employees, officially or personally, on account of the granting of this permit, on an account of any damage to any person or property resulting from any act or omission of the permittee or any of its agents, employees or contractors relating to any matter hereunder. This permit shall not be construed as limiting any legal claim or right of action of the District against the permittee, its agents, employees, or contractors for the violation of or failure to comply with the provisions of the permit or applicable provisions of law.

When all items have been satisfactorily completed and the District determines the project meets the District’s Rule requirement, this permit will be issued. The permit may be picked up at the office or it will be mailed out. A copy will be faxed to the applicable governmental entity (Becker County or City of DL Zoning Departments).

The permit will be valid for 18 months from date of issuance unless otherwise suspended or revoked. A permit may be extended at no charge provided the property owner notifies the District in writing stating the reasons for extension. Any plan changes, and related project documents must also be included in the extension application. The District must receive the extension application at least 30 days prior to the permit’s expiration date.

If changes are made to the permitted plans for this project, changes must be submitted to the District (in duplicate) for review. If approved, an amended permit will be issued.

When the project is complete, please call the District office at (218) 846-0436 to request final inspection.

This permit may be terminated by the Board of Managers without notice at any time deemed necessary for the management of the water resources of the District, or in the interest of the public health and welfare, or for violation of any of the provisions of this permit.

'I understand that, as a Permittee, I am legally accountable to ensure compliance with the terms and conditions of the permit. I understand that I am not authorized to begin the project until I receive the permit and the permit sign is posted on the site. If the project is modified, I will obtain approval by the District before I continue with the project. I authorize the District, and its agents, employees, officers and contractors, to enter the project site to perform any inspection or work authorized by the permit or any applicable law.'

"I certify that I have thoroughly read and understand the information on this permit application, including submittal requirements."

SIGNATURE: ____________________________ DATE: 6/30/15

Property Owner or Authorized Signature of Governmental Entity

APPROVED PERMIT MUST BE POSTED PROMINENTLY ON THE SITE BEFORE ANY WORK CAN BEGIN. THE PELICAN WATERSHED DISTRICT MAY ISSUE STOP-WORK ORDERS ON SITES WITHOUT APPROVED PERMITS. IF A PERMITTED SITE IS OUT OF COMPLIANCE WITH ITS PLAN, AS DETERMINED BY INSPECTION, A STOP WORK ORDER MAY BE ISSUED AND PENALTIES APPLIED. VIOLATION OF DISTRICT WATER MANAGEMENT RULES IS A MISDEMEANOR SUBJECT TO A PENALTY AS PROVIDED BY LAW.

ACTION BY PELICAN RIVER WATERSHED DISTRICT PERMIT NO. 0 15 — 0 77

The above application for permit is APPROVED / DISAPPROVED this 20th day of July, 2015

Pelican River Watershed District

Landowner: Shawn Nygaard
Contractor: Matt Boede
Project Address: 2505 N Long Lake Rd
Site Visit Date: 07/07/2015
Parties Present During visit: Homeowner, Contractor

I met with the homeowner and the contractor to discuss shoreline alteration within the Shore Impact Zone. The following alterations were discussed at 2505 N Long Lake Rd.

1. Rip-rap will be increased along the water’s edge to minimize erosion. Rip-rap will not extend more than 24 inches high. Non-woven geotextile fabric can be used at a backing material.
2. Native vegetation will be preserved and enhanced to create a 5 foot wide (minimum) buffer strip between the rip rap and sand blanket.
3. A sand beach blanket will be installed above the buffer strip. The dimensions will not exceed 30 feet long, 10 feet wide, and 6 inches deep. **5.5 Cubic Yards maximum**
4. A rain garden will be installed to the east of the stairs. Raingarden will contain native vegetation for erosion control.
5. All exposed soil will have proper erosion control installed and maintained until permanent vegetation is established.

Brent Alcott | Assistant Administrator
Approved Plan

Site Plan Checklist:
- North Arrow
- Impervious Areas (driveways, buildings, etc.)
- Contours or Drainage Arrows
- Existing Vegetation
- Location of Temporary Erosion/Sediment Control measures
- Location of Permanent Stormwater Management Areas
- Location and Distance to Structures
- SIZ setback / Ice Pressure Ridge
- Ordinary High Water Mark
