Landowner: Kay Larson  
Contractor: Andy Francis  
Project Address: 808 South Shore Drive  
Site Visit Date: 05/18/2015  
Parties Present During visit: Kay Larson

I met with the homeowner to discuss ice damage repair to the shoreline at 808 South Shore Drive.  

The damaged concrete pad along the lake will be removed and stabilized with rip-rap. No new impervious surfaces will be constructed within the Shore Impact Zone with the exception of a 4 foot wide (maximum) walkway or stairway to the lake.  

If a landing is needed at the bottom of the slope, plans must be submitted for an area no greater than 32 sq. ft. prior to construction

Brent Alcott | Assistant Administrator
